The 'Olympics' For Startups

Get in the Ring is one of the biggest startup competitions worldwide connecting startups to fans (investors, customers, talent, corporates, and more).

The Reach

ID-GC is the National Host for Greece & Cyprus
and the Regional Host for Southern Europe

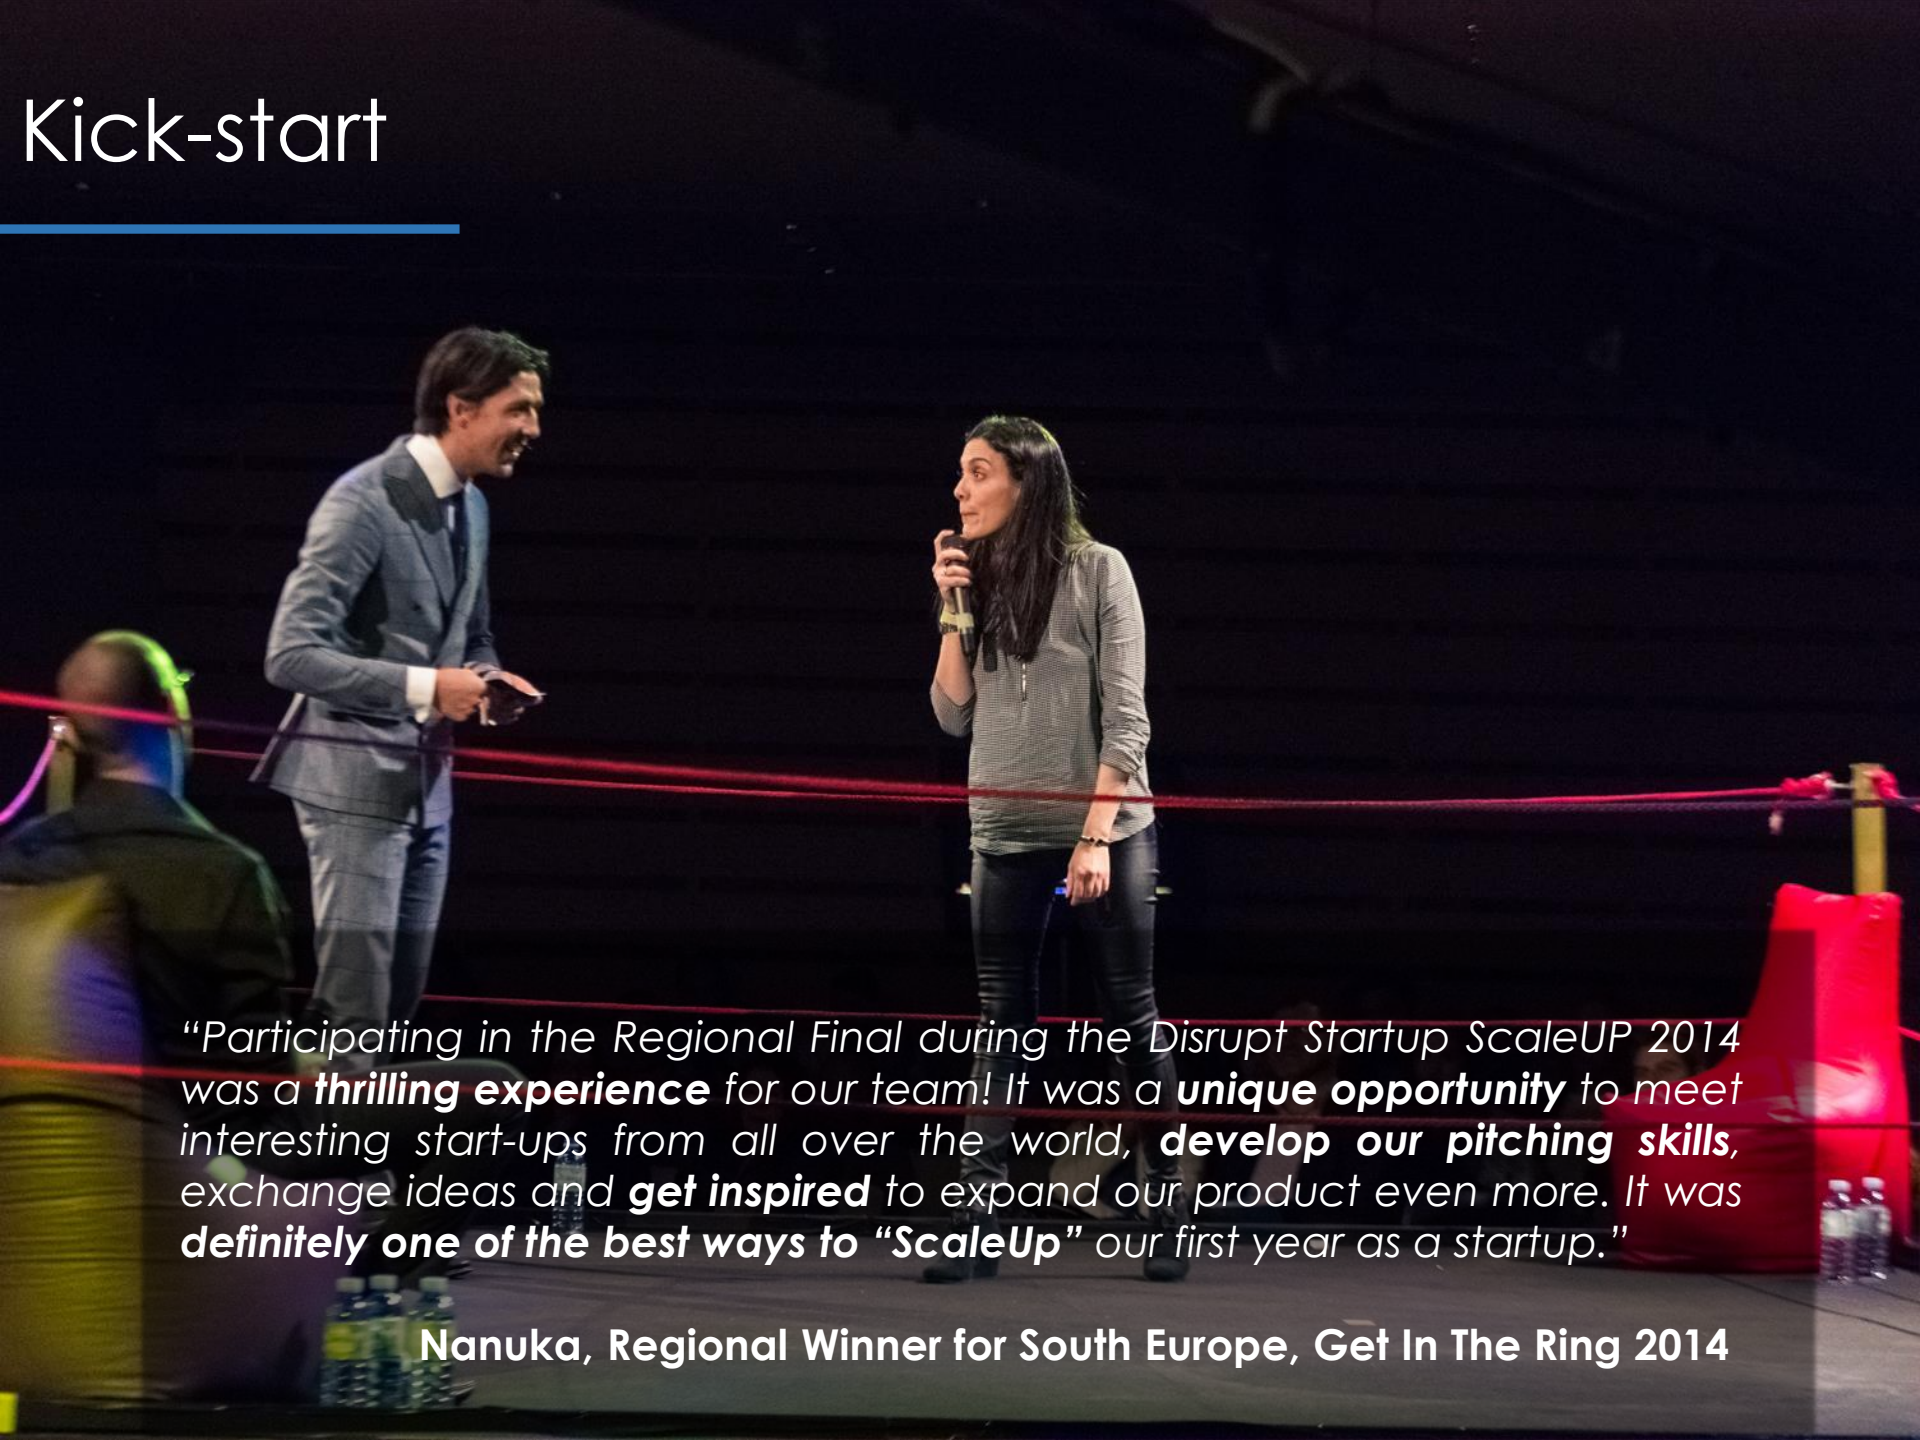

Unique Pitching Concept

Get In The Ring is known for its unique pitching format. At Get In The Ring two startups literally face off against each other in the ring. During five brief rounds they present their startups to a jury of Champions & a global audience of potential fans.

Click below for a Get In The Ring pitch battle.

Kick-start

A man in a grey suit and a woman in a grey long-sleeved shirt and black pants are on a stage. The man is on the left, looking towards the woman on the right. The woman is holding a microphone and appears to be speaking. They are standing in front of a red rope barrier. In the background, there are some red and yellow structures, possibly part of the stage set. The overall atmosphere is professional and competitive.

"Participating in the Regional Final during the Disrupt Startup ScaleUP 2014 was a **thrilling experience** for our team! It was a **unique opportunity** to meet interesting start-ups from all over the world, **develop our pitching skills**, exchange ideas and **get inspired** to expand our product even more.
